

PART ONE

MENE, MENE, TEKEL, UFARSIN. When King Belshazzar saw these words written on the wall of his palace, he became paralyzed with fear because he saw the fingers of the Almighty with his own eyes. The prophet Daniel was enjoying a quiet retirement and studying Torah at this time. He was suddenly summoned to come and explain the words of the message, which no wise man in the Kingdom could interpret. This was somewhat of a surprise because the words were in Aramaic, the *lingua franca* of the empire, so most people at the banquet would have been able to read it. Given the reward's size, it seems incredible that no one was willing to offer a reasonable-sounding guess. I will reveal to you why. Picture someone on a blackboard writing 1) 2) 3) 4) with no words beside it. These letters were written in a number form 1, 2, 3, 4, with no corresponding words explaining what they meant for a good reason. It was with the purpose to summon the only man in the kingdom who could unfold the enigma as Joseph did for his Sovereign at his time. There was a powerful history involved that no one in the Kingdom could explain except the Navi Daniyel, which he elaborates on in Chap 5:18-25. The King and his party had committed an abominable act touching that which was sacred, but more than this, his time was up. In conclusion, the prophet gave the verdict and interpretation; "*This is the pesher (interpretation, explanation) of the thing; MENE; G-d hath numbered thy Malchut (Kingdom), and finished with it. TEKEL; Thou art weighed in the balances, and art found wanting. PERES; Thy malchut is divided, and given to the Medes and Persians*" Daniyel (Daniel) 5:26-28 (Orthodox Bible). In less than 24 hours, the judgment was fulfilled, the king was murdered, and the kingdom fell. Here is the punch line. **This generation has been served the same "writing on the wall" and I have been instructed to explain the meaning of these words.** Angelic Humanity was sent here for reformation and restoration because of their part in a cosmic rebellion that saw the destruction of many planets and life forms hundreds of thousands of years ago. The goal and hope of the Adamic program is to restore our angelic heritage, whose history spans the galaxies. No longer believe the lie that you came from here and that this Universe is filled with trillions of Galaxies for aliens. It was created for you, yes, you. The angelic you, numbering billions of angels, spat in the face of our Creator and went their own way. Instead of casting His beloved creation into an endless abyss of horrific darkness and unfathomable fear where death has no possibility, you were offered a chance in a new world that was created to be a Paradise. When Adam received the management of the Earth, it was beautiful beyond belief. Imagine the most stunning place in Nature and times that by seven levels, and you may just get an idea of the majesty that was committed to them. The Ha-Aretz (Earth) was designed to help us feel again the most elementary gifts and blessings of life; thus, the Earth was filled with magnificent life forms carried here from other planets and diversified for beauty and variety. The animals and vegetation loved Adam and Chavah (Eve), and happiness filled their days. When Adam and Chavah passed, all changed for the worse. It only took 700 years to tip the balance irreversibly so that by 1600 C.E., the Earth was filled with violence, war, a slaughterhouse, perversion, pollution, etc., because of the descendants of Cain. YAH could see that if man were permitted to live for hundreds of years, the corruption of man's soul would become irreparable, necessitating the program's closure and would result in a summary judgment of angelic Humanity. In YAH's long-suffering Elohim permitted us to live (via Regeneration), but with the agreement that we would not repeat the mistakes of Noah's generation and repeat our cosmic history, henceforth Covenants of Peace and Prosperity were made with our forefathers in the Faith to allow the program to continue with man's lifespan shortened to 70-90 years. For your enlightenment, there are seven Everlasting Brits in the Set-Apart Scriptures. 1. The Adamic Covenant (Beresheeth (Genesis) 2:16-17). 2. The Noahic covenant Beresheeth (Genesis) 7-9. 3. The Abrahamic Covenant (Beresheeth (Genesis) 12, 15). 4. The Mosaic Covenant (Shemoth (Exodus) 34). 5. The Davidic Covenant (Schmuel Bet (Second Samuel) 7:16; Tehillim (Psalm) 89:26-29, 33-35).

PART TWO

6. The New Covenant (Beresheeth (Genesis) 3:15; Luka (Luke) 22; Qorintyah Alef (First Corinthians) 11:25). 7. The Kingdom Covenant (Mattityahu (Matthew) 26:29). Humanity has already broken six of the seven Covenants! The last remaining the Kingdom Covenant, if rejected, will be the final tragedy. Noah's generation did some dreadful things, but nothing compared to what we have done in the last 200 years. To name a few of the most heinous: sex changes, marriage between man and animals; sex with babies; the mass murder of children to extract youth elixir; the mass murder of infant babies in the womb; child labor; global weapons of mass destruction; bioweapons; instruments of untold cruelty and violence; population genocide; world pollution; world deforestation and extinction of species; world cruelty of animals; world slaughter houses, world genetic modification of seeds; world perversion of the family, world degradation and humiliation of the father and the mother and the elderly; world perversion of the law and justice; world generational hatred and revenge; world violence in games and recreation; world religious confusion and the worship of aliens; world perversion of the media, the perversion of the Sabbath and Elohim's status as the One True Eloah; global financial prisons; bankruptcies; and unpayable national debts. The global elite has made mankind into indentured slaves. We have turned the world from a paradise into a living hell. The list is long and severe. Heinous crimes against all living things would even make Noah's generation blush with fear but make this generation laugh with disdain. Eloah says, "They will laugh no more!" He has had enough. We are destroying the planet, and every life form on it is now at risk. I will highlight just one area with some statistics that should shock anyone with a conscience. Did you know the world generates at least 3.5 million tons of plastic and other solid waste daily? According to World Bank researchers, that is ten times the amount a century ago. The U.S. is the King of trash, producing a world-leading 250 million tons a year—roughly 4.4 pounds of trash per person per day. Every year, we dump a massive 2.12 billion tons of waste. If all this waste was put on trucks, they would go around the world 24 times. This stunning amount of waste is partly because 99 percent of the stuff we buy is trashed within six months. Waste in many different forms is dumped in supposedly isolated places that can harm no one. We forget it is really toxic stuff no one wants in their backyard. I am talking about heavy metals and chemicals in e-waste, including Arsenic, Lead, Cadmium, Chromium, Flame retardants, Vinyl chloride, Dioxins, Antimony, PCB, PCDD, PCDF, DDT...WTF that ends up being fed into the veins of the Earth and into the atmosphere, forcing the innocent - the animals and other life on this planet to digest and breathe. Plastic waste alone accounts for around 350 million tonnes each year. Estimates vary, but recent high-quality studies suggest that between 1 and 2 million tonnes of plastic enter the oceans annually. That means 0.5% of plastic waste ends up in the ocean, and there will be more plastic in the ocean than life. Disgustingly, there is much more, the organic pollution, global waste trade, the radioactive waste from nuclear plants, and the toxic gases from burning fossil fuels. I must also add that outer space is now full of space garbage. We are killing the planet and everything living thing, and the majority of humanity do not care! This tragedy combined with all the heinous crimes I had listed earlier, has once again moved the hand of YHWH to write: MENE, MENE, TEKEL, UPARSIN. **This is the peshet (interpretation, explanation) for this generation; MENE; Elohim hath numbered man's malchut (kingdom) and finished it. TEKEL thou o man is weighed in the balances and found wanting of destroying all life. PERES man's kingdom is divided and given over to the Elect (the Righteous).** Do not take what I have reported lightly. Nothing that is happening in the Media and World is remotely as severe as what I have told you now. None of it matters because no one will remember those people, events, achievements, celebrations, records, names, brands etc. In the World to Come (the Olam Haba), only the righteous will be remembered for their achievements and receive the gift of Eternal Life. And the best of all the Kingdom shall belong to them forever.
